

Comforgel Liner

Features of the Comforgel Liner include:

- Specially formulated gel for effective prosthetic use for any level of amputation with exceptional comfort for amputee
- Unique sandwich design surrounds gel between a durable inner and outer layer of cotton fabric
- Standard version has 9" of gel
- Extended gel is available, up to the length of the sock. The stretch fabric allows the liner to conform to virtually any shape and the nylon reinforced distal end provides great durability
- X-Tra version is ideal for Symes and Chopart level amputations
- Two thicknesses available, easily identified by **Yellow stitching for 3 ply** and **Green stitching for 5 ply**

Spectra® Sock

- The Spectra® Sock from Comfort Products was designed for use with carbon feet providing an effective barrier.
- Spectra® Sock helps to protect the footshell from excess wear caused by the carbon rubbing against the foot shell.
- The sock helps to protect the foot from dust and dirt while eliminating the common noises caused by the feet moving inside the foot shell.

Prosthetics & Orthotics CONSUMABLES / ACCESSORIES

Polyfrom (Pedilen) –

- Polyethylene foam, closed cell
- Highly recommended for fabricating soft inner sockets & as padding materials for orthotics.
- Antibacterial effect & washable
- High resilience & good thermoforming properties
- Temperature recommendation- 130°C

Beige colour

Article no.	Size	Thickness	Color
PR51.03	1000 x 1000 mm	3mm	Beige
PR51.06	1000 x 1000 mm	6mm	Beige

Product of : Proted®, TURKEY

Plastazote –

- Polyethylene foam, closed cell
- Improved mouldability
- Tough, flexible & light weight
- Waterproof, non-toxic & odourless
- Temperature recommendation- 110°C

Article no.	Size	Thickness	Color
PR50.PT.3MM	2000 x 1000 mm	3mm	Beige
PR50.OP.6MM	1000 x 1000 mm	6mm	Beige

Carbon Cloth –

- An untwisted bundle of continuous 3000 filaments of carbon fiber (3k)
- 50 inch wide • Allows thinner laminations
- Maintains rigidity, strength in light weight lay-ups • Strongest reinforcement
- Size - 3,10*,30*,50* or 100* ft rolls

Product of : Paceline®, USA / Proted®, TURKEY

* Available on request

Nyglass (Polyglass) –

- Combines the lightweight strength of fiberglass with elasticity of nylon
- Blend of 65% fiberglass & 35% stretch nylon works well with polyester & acrylic resins
- Smooth appearance without any ribs or runs
- Excellent strength • 230% stretch
- Sizes- 7 , 9, 12 , 15 & 20 cm in roll
- Weight per roll 1kg

Product of : Paceline®, USA / Comfort®, USA / Proted®, TURKEY

Cotton Stockinette* –

- Soft comfortable liners under casts
- Knitted with softest, highest quality yarn & fabric stretches to fit a wide variety of patients without compromising consistency
- Made of 100% natural unbleached cotton
- Available in 25 yard roll

Expands up-to circumference

9 inch, 18 inch, 27 inch
36 inch, 45 inch, 54 inch
72 inch, 90 inch, 108 inch
126 inch

Product of : Comfort®, USA / Proted®, TURKEY

* Available on request

Nylon Stockinette* –

- Designed for easy and cost- effective way for everyday lamination
- Strong nylon fibers add durability & remarkable stretch allows to accommodate all orthotic & prosthetic requirements
- Exceptionally smooth & uniform surface that is free from corrugated effect • 100% virgin nylon for a full body and fine gauge rib knit finish
- Available in 1"to 12" width in 25 yard roll.

Expands up-to circumference

15 inch, 22 inch, 29 inch
36 inch, 44 inch, 58 inch
73 inch, 87 inch, 102 inch
