medi provides comprehensive marketing solutions - always keeping our focus on the market, its demands and variables, and the medi vision.

## QUALITY CERTIFICATE

CE mark

**RAL-GZ-387**  
Authentic Quality mark for medical Compression hosiery

STANDARD 100

2005AN5356 AITEX

**Textile trust quality seal**  
Tested for harmful / toxic substances and latex free

**DIN EN ISO 9001 : 2008 | DIN EN 13485**

Organic surface and more efficient processes defining customer satisfaction as a decisive measures of quality

**Hohenstein testing device - HOSY TESTED**

For measuring pressure in medical compression stockings

dermatest-guarantee.com

**Dermatest-Seal**

**Dermatologically Tested**  
Clinically compation for sensitive and atopic skin

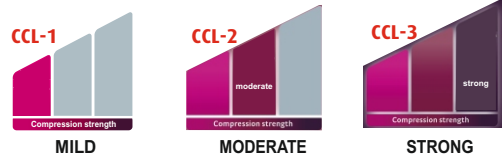

**Global Organic Textile Standard (GOTS)**  
for using skin friendly Organic cotton in mediven cotton

## QUALITY INFORMATION

### ELASTIC MEDICAL COMPRESSION

To provide quick and easy process of choosing the optimum compression stocking.

There are three compression ranges which ease the choice

### COMPRESSION RANGE

A grid of 12 icons and text boxes. The first row includes: 'Clima Fresh' (foot with sun), 'Clima Comfort' (foot with sun and rain), 'Anatomic Fit' (foot with mesh). The second row includes: 'Perfect Fit' (foot with arrows), 'Double ellipses' (foot with two ellipses), 'Inelastic' (giraffe). The third row includes: 'Juxtaposed band' (foot with band), 'Breathe-O-Prene' (foot with arrows), 'Variety' (foot with different patterns). The fourth row includes: 'Easy handling' (foot with band), 'Built-In-Pressure®' (foot with pressure gauge), 'Soft Elastic' (foot with elastic band). To the left of the grid are several circular logos: 'medi World of Compression', 'DERMATOLOGICALLY TESTED' (Particularly suitable for sensitive and atopic skin), 'HYPOALLERGENIC' (Very good skin compatibility), and 'ANTIBACTERIAL ANTIBACTERIAL'. At the bottom left is a 'LATEX' warning symbol.

### SUPPORTS & BRACES

Four icons illustrating support and brace features: 'Clima Fresh' (foot with sun), 'Comfort Zone' (foot with arrows), 'Clima Comfort' (foot with sun and rain), and 'medi Airtex+' (foot with mesh and a plus sign).

### INSOLES

Six icons illustrating insole features: 'Variability' (foot with arrows), 'Flexibility' (foot with arrows), 'Light Weight' (foot with feather), 'Form Fitting' (foot with mesh), 'High Cushion' (foot with cushion), 'Dynamic Force' (foot with arrows), and 'Super Thin' (foot with thin insole).

# MEDICAL COMPRESSION

## Clinical Compression

### mediven® thrombexin® 18

Medical thrombosis prophylaxis compression stocking with 18 mmHg at the ankle

- For immobile/bedridden patients, pre, intra, post-operative.
- Clinically proven to reduce the risk of DVT (with precise graduated compression)
- 2 way stretchable, Intelligent top band, inspection hole, colour coded heel with velour inner surface anatomically knitted

**BEST SELLER**

MILD

Size : XS - XXL  
(LX & XLX - Thigh & Wattach)

Calf-W-Rs. 2359/-pk, Thigh-W-Rs.3489/- pk  
Thigh w/a Rs. 4972/- pk

### mediven® struva 23

Medical thrombosis prophylaxis compression stocking with 23 mmHg at the ankle

- Post-operative, short-term, compression to promote venous return after venous intervention prevent oedema & orthopaedic surgical intervention
- Intelligent top band, colour coding with Heel / Instep region & open toe

**BEST SELLER**

MODERATE

Calf-W-Rs. 3640/-pk, Thigh-W-Rs.5249/- pk,  
Calf-Br-Rs. 4058/-pk, Thigh-Br-Rs. 5901/- pk

Size : I - VII

### mediven® struva 35

Clinical compression stocking with 35 mmHg at the ankle

- Post-operative, short-term, compression to promote venous return after venous intervention prevents oedema & orthopaedic surgical intervention
- Colour coded Heel / Instep region & open toe

**BEST SELLER**

STRONG

Size : II - VI

Calf-W-Rs. 2343/-pc, Thigh-W-Rs. 3263/-pc  
Calf-Br-Rs. 2469/- pc, Thigh-Br-Rs.3347/- pc

## Venous Health / Lymphatic Disease

**CCL-1/2**

### duomed®

The economic solution for venous problems

- After sclero therapy / surgery, DVT, varicosis in pregnancy & inflammatory venous diseases with tendency for moderate oedema.
- Available in **compression class 1 & 2** with open / close toe style.

**BEST SELLER**

Calf-Beige-CCL-1/2-Rs.4393/-pk,  
Thigh-TB-Beige-CCL-1/2-Rs.7037/-pk,  
Panty-Beige-CCL-1-Rs.7606/-pc

Size : S / M / L / XL / XXL

### mediven® cotton

**CCL-1/2**

Organic cotton : naturally well cared for

- certified organic cotton and recycled polyamide
- thermoregulating effect
- dermatologically tested for sensitive and allergic skin

Size : I - VIII

Calf-Caramel-CCL-1/2-Rs.7851/-pk,  
Thigh-TB-Caramel-CCL-1/2-Rs.12460/-pk  
Panty-Caramel-CCL-2-Rs.13064/-pc

**CCL-2/3**

### mediven® forte

The strongest round knit model

- Varicosis in pregnancy, Inflammatory venous disease, primary or secondary varicosis with tendency for moderate to severe oedema, DVT.
- Available in **compression class 2&3** with open toe

CCL-2Calf-Rs.6827/-pk, Thigh-TB-Rs.13108/-pk,  
CCL-3 Calf-Rs.7216/-pk, Thigh-Rs.10337/-pk

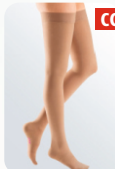

Size : I - VII

**CCL-1/3**

### mediven plus®

All you experience is reliability & compression

- Prophylactic & advanced usage for venous problems
- Comfortable plus heel with Y-shape, perfectly fitting toe section, ribbed sole reinforcement, broader calf
- Available in **compression class 1&3**

mediven Plus CCL1 Calf Rs. 5248/- pk  
mediven Plus CCL1 Thigh Rs. 8264/- pk  
mediven Plus CCL-1-Maternity Panty-Rs.11835/-pc

CCL-3 Calf-Beige-Rs.7445/-pk,  
Thigh-Beige-Rs.10723/-pk,  
CCL-3-Beige-Thigh W/TB-Rs.13758/-pk,  
CCL-3-Beige-W/Att. R/L) Rs. 6840/-pk,

Size : I to VII

### mediven® for men

**CCL-2**

The elegant compression socks

- Inflammatory venous disease with tendency for slight to moderate oedema, primary or secondary varicosis with tendency for moderate to severe oedema.
- Extra wide comfort border anatomically shaped foot with right & left marking, **Available in ccl-2**

Calf-CCL-2-Rs.6466/-pk

Size : I - VII

**CCL-1**

### mediven travel® Men / Women

Compression garments on the journey can reduce the risk of traveller's thrombosis

- Sporty-discrete travel sock with ribbed look,
- Light and relaxed legs on journeys,
- Soft, anti-static material

Women-Calf-Caramel-CCL-1-Rs.4002/-pk  
Men-Calf-BI-CCL-1-Rs.4002/-pk

Size : S / M / L / XL / XXL

### mediven ulcer kit®/refill

Innovative compression stockings to treat acute phase of Venous Leg Ulcer

**40 mmHg**

- Active ulcers with slight to moderate tendency of oedema
- Two component : mediven ulcer provides 20mmHg on the ankle can be worn 24 hrs. & mediven ulcer plus with 20mmHg on the ankle can be worn for day.
- Soft topband, Heel / instep region

Calf-Rs. 10629/-Kit (3 Pcs.)  
Ulcer Refill :Calf-Rs.5249/-pk

Size : I to VII

## Accessories

# Optimum treatment with medi

Our medical compression hosiery is regularly checked by the Hohenstein Research Institute according to the quality and test provisions of the RAL-GZ 387

- \* CCL 1 = 18 – 20 mm Hg
- CCL 2 = 20 – 30 mm Hg
- CCL 3 = 30 – 40 mm Hg
- CCL 4 = 40 – 50 mm Hg

- recommended compression class
- also available compression class

**duomed®** The economic solution for venous problems.

**medihosen® cotton** Organic cotton: naturally well cared for

**medihosen® plus®** Maximum pressure stability for best effect, & also for severe indications.

**medihosen® forte®** Open toe, hard-wearing, rational and opaque design.

**medihosen® for men** A knee high, closed toe socks with a foot anatomically shaped foot.

**circaid juxtalite®hd** More robust adjustable compression for treating oedema

**medihosen® ulcer lite®** Elastic two layer stockings system for the therapy of active ulcers.

## Available compression classes (CCL), RAL\*

Classification by widener	Classification by CEAP	Diagnosis / symptoms	Aim of compression								
			I	II	III	II	III	II			
C0	C0	No visible or palpable signs of venous disease, or occupation requiring long periods of standing	•	•							
			•	•							
C1	C1	Telangiectasia or reticular veins	•	•							
			•	•							
C2	C2	Venicose veins; distinguished from reticular veins by a diameter of 5 mm or more	•	•							
			•	•							
C3	C3	Oedema	•	•							
			•	•							
C4	C4	Changes in skin and subcutaneous tissue secondary to CVD, divided into: a) Pigmentation or eczema b) Lipodermatosclerosis or atrophie blanche	•	•							
			•	•							
C5	C5	Healed venous ulcer	•	•							
			•	•							
C6	C6	Active venous ulcer	•	•							
			•	•

Important information: The choice of the compression garment and the compression class is the Physician's responsibility. The decision is highly dependent on the patient and his individual needs. Therefore some recommendations are in grey

MARKET LEADER

**Circaid®**

Self-care Inelastic Compression

THE ORIGINAL

**circaid® juxtalite® HD**

*More robust adjustable compression for severe venous oedema for venous (CEAP C2-C5)*

- Simple donning and doffing with aid of juxtaped band
- Compression simple to set and readjust using the circaid Built-In-Pressure System
- Latex free, odour-inhibiting material with antibacterial effect (Breathe-o-Prene)
- Thicker and more robust material – for moderate to severe venous oedema

Lower Leg  
Rs. 11365/-set

\* 1 set = 3/4 pcs (pieces) **20-50 mmHg** Size : S - XXL

**circaid® juxtafit® essentials**

*Inelastic compression garment for the entire leg for mild to severe lymphoedema*

- Simple donning and doffing with aid of juxtaped band
- Compression simple to set and readjust using the circaid Built-In-Pressure System
- Latex free, odour-inhibiting material with antibacterial effect (Breathe-o-Prene)

Size : XXS - XL ( Upper Leg)

Size : S - XXL **20-50 mmHg** \* 1 set = 3/4 pcs (pieces) Lower Leg-Rs. 26182/-set Upper Leg-Rs. 26865/-set

**circaid® juxtalite® ankle foot wrap**

*Additional compression for the foot and ankle*

- Additional compression for the foot; optimum add-on for circaid juxtalite
- Simple donning and doffing with aid of juxtaped band
- Compression simple to set and readjust using the circaid Built-In-Pressure System
- Latex free, odour-inhibiting material with antibacterial effect (Breathe-o-Prene)

Rs. 6071/- pc

Size : S / M

**circaid® juxtafit® essentials arm**

*Adjustable compression device for the arm*

RECENTLY LAUNCHED

- Easy to set and control therapeutic pressure
- Also suitable for night-time use
- Latex free for skin friendly wearing comfort

**circaid® juxtafit® essentials hand wrap**

*Additional compression for the hand*

- Compresses from the wrist to the base of the fingers
- Additional pressure on the dorsum of the hand
- Simple handling ideal for self-management

## medi orthopaedics: support and braces

### medi Arm sling

#### Internal rotation support

- postoperative immobilisation and shoulder dislocation
- immobilises the shoulder, One size fits all: universal size

Size : Universal Rs. 4557/-

Rs. 6343/-

### medi Shoulder sling

#### Shoulder joint support for immobilisation

- shoulder contusions, Sprains and dislocations, post operative shoulder immobilisation
- immobilises the shoulder, One size fits all: universal size

Size : Universal

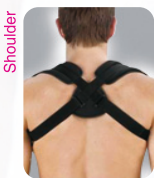

### Omomed

#### Shoulder support with movement limiting function

- conservative treatment for shoulder osteoarthritis or post operative stabilisation of the shoulder
- gentle local compression, intelligent strap positioning for immobilisation of shoulder, clima comfort technology

Rs. 7884/-  
Size : 0 - IV

Rs. 1582/-

### protect.Clavicle support

#### Support for the clavicle

- sprains, dislocation and fractures of the clavicle
- skin friendly material and flat fastener, easy application

Size : S / M / L

### medi SAK®

#### medi SAK Variable (10° to 60°) abduction support

- impingement syndrome, post operative rotator cuff ruptures
- immobilisation of shoulder joint at 10° to 60° abduction, comfortable upper arm wedge, tennis ball hand rest

Size : Universal Rs. 19111/-

Rs. 17657/-

### medi SAS® 15

#### 15° abduction support

- conservative immobilisation of shoulder luxations/ dislocations, impingement syndrome etc.
- 15° abduction position, anatomically shaped and fitted cushion, hand rest supports for light forearm exercise

Size : S / M / L

### medi SAS® 45

#### 30° or 45° abduction support

- conservative immobilisation of shoulder luxations/ dislocations, impingement syndrome etc.
- 30° or 45° abduction position, anatomically shaped and fitted cushion, hand rest supports for light forearm exercise

Rs. 17657/-  
Size : S / L

## medi elastic elbow support

### Knitted elbow support

- rheumatic, osteoarthritic irritations, swelling and joint effusions
- highly elastic, anatomically formed, knitted two-way stretch support

Rs. 1281/-

Size : I - V

### Epicomed®

#### Elbow soft support with silicone support pads and tension strap

- lateral and medial epicondylitis (tennis or golfer's elbow), rheumatic, osteoarthritic irritations
- silicone pad insert exert a massage effect, removable strap for individual pressure adjustment

Rs. 6177/-

Size : I - VI

## protect. Epi

### Elastic elbow support with anatomically shaped pads

- lateral and medial epicondylitis (tennis or golfer's elbow), rheumatic, osteoarthritic irritations
- anatomically shaped pads for effective relief of pressure and seamless fabrication and soft borders

Rs. 2673/-

Size : II - VI

### medi Epibrace

RECENTLY LAUNCHED

#### Epicondylitis strap

- Precise application of pressure via numberscale on the strap
- Flexible pad: universal and useable on both sides
- Easy donning

Size : Universal

Rs. 4585/-

### medi Epico ROMs

#### Elbow orthoses for mobilisation with immobilisation of the PRU joint

- conservative care of elbow instabilities/ fracture, post operative orthotic care
- Flat QuickSet hinge i.e. extension/flexion: 0° to 120°, Aluminium with foam padding, Length of the hand cushion can be adjusted

Rs. 22622/-

Size : S / L

### Manumed RFX

#### Wrist and forearm immobilisation support

- Suitable for use on fractures of the distal radius and forearm
- Maximum stable immobilisation of wrist & forearm by extra-long aluminium splints
- Extra-wide opening for simple application
- High comfort due to medi Airtex+

Size : 0 - III; (Left / Right)

Rs. 6739/-

YouTube

www.youtube.com/@pushpanjaliindia

## medi Wrist support

### Wrist support

- chronic, post traumatic or postoperative soft tissue injury of the wrist and radial nerve paralysis
- moldable aluminum splint., extra wide supporting strap for the wrist,made of skin-friendly material - cotton-lycra material

Wrist

Size : I - IV      Rs. 4702/-

Wrist

Rs. 6147/-

## medi CTS MARKET LEADER

### Wrist support with finger splint

- carpal tunnel syndrome (CTS)
- anatomically preformed palmer splint, extremely light construction

Size : 0 - III

## medi Thumb support

### Thumb support

- injury of the carp metacarpal and metacarpophalangeal joints of the thumb
- moldable aluminum splint, made of skin-friendly and durable cotton-lycra material

Thumb

Size : S - XL      Rs. 3436/-

Cervical

Rs. 1206/-

**BEST SELLER**

## protect.Collar Soft

### Comfortable support for the cervical spine

- cervical syndrome, degenerative changes, whiplash injuries
- anatomically shaped, skin-friendly material, variable sizes option

Size : 7 cm / 9 cm

## protect.Collar Tracheo

### Cervical collar for immobilisation

- post-operative care, simple and stable fractures, spinal Stenosis
- large trachea opening, water-resistant

Size : S / M / L

Cervical

Rs. 2816/-

## medi Posture plus force

### T-shirt for posture correction

- developing good posture a habit by muscle activation
- compression + Function construction - proprioception
- inelastic panels(back/abdominal area); tension panels(shoulder area)
- flat elastic seams for maximum comfort
- highly elastic chest area for excellent fitting and easy breathing
- natural and breathable Mako Cotton with silicone dot at the hem
- length of the shirt down to the sacral region
- zipper closure to ease dressing and removal

Thoracolumbar

Rs. 18247/-

Size : XS - XL

Thoracolumbar

Rs. 28279/-

**NEW DESIGN**

## Spinomed® II

### Scientifically proven Taylor-Brace

- hyperkyphosis, osteoporotic bone collapse in the thoraco-lumbar spine
- bio-feedback mechanism and enhance trunk muscle strength, moldable avional aluminum

Size : XS - XL

Thoracolumbar

## Spinomed® V MARKET LEADER

### Back orthosis for vertebral extension in osteoporosis

- Scientifically proven efficacy
- Strengthens the core musculature
- Innovative pivot joint

Size : XS - XL

Rs. 34166/-

**NEW DESIGN**

Rs. 29157/-

## medi 4C®

### 4 Point Anterior Spinal Hyper-extension brace (ASH)

- stable vertebral compression fractures , permanent orthotic care for inoperable spinal tumors/metastasis and postoperative orthotic care
- variable adjustment , restricts lateral flexion with stability bar, easy application via Ratchet Closure

Size : I - II

**MARKET LEADER**

## medi 4C flex

### 4 Point Anterior Spinal Hyper-extension brace (ASH)

- stable vertebral compression fractures , permanent orthotic care for inoperable spinal tumors/metastasis and postoperative orthotic care
- safe to use with flexible hip bar, restricts lateral flexion with stability bar, easy application via Button Closure

Size : S - XL

Rs. 23663/-

Thoracolumbar

Rs. 2921/-

**BEST SELLER**

## protect.Abdominal support

### Comfortable support/ fixation bandage for abdomen or chest

- after operations of the chest or abdomen, bruised/broken ribcage, to facilitate scar healing
- individually adjustable compression

Size : S - XL

## Lumbamed® basic

### Lumbar support

- lower back pain (lumbago)
- 4 integrated, anatomically shaped dorsal spring ribs, comfortable design with clima comfort technology, two version: Straight cut for men and fitted cut for women

Size : I - V

Rs. 9240/-

**BEST SELLER**

Lumbar

Lumbar

Rs. 5246/-

## protect.Lumbaforte

### Economical Lumbar support

- lower back pain (lumbago)
- 4 integrated dorsal rib, Elastic material with microfibers

Size : I - V

## Lumbamed® plus

### Lumbar support with massage pad

- lower back pain (lumbago) with sacroiliac joint irritation
- 3 integrated dorsal spring ribs with vario-Flex pad and comfortable design with clima comfort technology, two version: Straight cut for men and fitted cut for women

Size : I - V

Rs. 8870/-

Lumbar

### protect.Lumbostyle

*Economical Lumbar orthosis with additional tension straps*

- lumbar sciatica (degenerative cause)
- 4 integrated dorsal ribs with additional tension straps, elastic material with microfibers"

Rs. 5744/-

Size : I - IV

### Lumbamed® disc

*Lumbar support with adjustable stabilisation system*

- lumbago (including Sciatica due to intervertebral disc protrusion or prolapsed (conservative, postoperative)
- stability rod with 4 dorsal ribs, clima comfort two versions: Straight cut for men and fitted cut for women

Rs. 19360/-

Size : I - VI

### Lumbamed® sacro

*Brace for stabilisation and relief the pelvis and sacroiliac joint*

- modular design allows customised adjustment
- pad design offers a precision depth effect
- tension straps for individually adjustable pressure

Rs. 13142/-

Size : I - V

### protect.Maternity belt

*Support belt to reduce back pain during pregnancy*

- back pain during pregnancy
- comfortable material with microfibers, additional tension straps, fully adjustable"

Rs. 4746/-

Size : I - III

### medi hip one

*Functional hip joint orthosis*

- Conservative hip therapy and dislocation of the hip
- Traumatic dislocation of the hip joint

Rs. 54208/- pc. (hip), Rs. 20919/- pc. (thigh)

Size : S / M / L

**BEST SELLER**

### medi elastic knee support

*Two-way stretchable knee support*

- inflammation or sprain and strains of the knee
  - constant compression of compression class 2 and massaging action during patient movement
- 601:** two-way stretch, anatomically shaped.  
**602:** Same as 601, but with a top band of silicone dots  
**603:** Same as 601, but with two medial and lateral steel spirals  
**605:** Same as 601, but with open patella and two medial and lateral steel spirals

Rs. 1701/-

Rs. 2243/-

Rs. 2835/-

Rs. 4227/-

Size : I - VII

### Genumedi® MARKET LEADER

*Knee support with patella silicone ring*

- slight instability, osteoarthritis and arthritis of the knee joint
- non-slip system, lateral and medial steel spirals for stabilisation

Rs. 4554/-

Size : I - VII

### protect. Genu

*Elastic knee support with patellar ring*

- slight instability/ osteoarthritis and arthritis of the knee joint
- rods for stabilization, seamless fabrication and soft borders, active breathing, elastic and light material"

Rs. 3028/-

Size : II - VII

### medi Patella tendon support

*Patella tendon support*

- pain due to patello femoral malalignment
- anatomically shaped cushion and made of skin-friendly cotton-lycra material with u shaped pneumatic pad

Size : Universal

Rs. 2753/-

### Genumedi® PT MARKET LEADER

*Knee support promotes muscular balance in cases of patellar lateralisation*

- patellar maltracking/lateralisation, patellafemoral pain syndrome
- Individual adjustment with tension strap, skin friendly material with climacomfort technology

Rs. 6261/-

Size : I - VII

### Genumedi® PSS MARKET LEADER

*Knee brace for relieving pain at the patellar tendon insertions*

- No constriction due to offset strap configuration
- Two-part silicone pad system
- Safe grip due to integrated silicone dot coating

Size : 0 - VII

Rs. 6912/-

### Genumedi®pro

*Orthosis for physiological guidance of the knee joint*

- modern easyglide hinges stabilise and support the natural roll and glide motion of the knee joint
- circular straps at the thigh and lower leg for a secure fit and improvement of wearing comfort.
- integrated recessed grip at the upper edge of the orthosis to aid donning
- silicone coating at the back of the thigh area helps to prevent migration

Rs. 9629/-

Size : I - VII

### Stabimed®

*Short functional softbrace with flexion / extension limitation*

- mild to moderate instabilities/ traumatic or degenerative deformities of the knee joint and meniscus injuries
- Airtex material, limitation of range of motion due to adjustable polycentric physioglide hinges:  
 extension angle: 0°, 10°, 20°, 30°, 45°  
 flexion angle: 0°, 10°, 20°, 30°, 45°, 60°, 75°, 90°  
 immobilization angle: 0°, 10°, 20°, 30°, 45°

## Collamed®

*Long soft brace with 4-point principle*

- mild to moderate instabilities/ traumatic or degenerative deformities of the knee joint and meniscus injuries
- airtex material, limitation of range of motion due to adjustable polycentric physioglide hinges:  
extension angle: 0°, 10°, 20°, 30°, 45°  
flexion angle: 0°, 10°, 20°, 30°, 45°, 60°, 75°, 90°, 120°  
immobilization angle: 0°, 10°, 20°, 30°, 45°

Size : XS - XXXL

Rs. 27629/-

## protect. St

*Short, functional soft brace with flexion / extension limitation*

- mild to moderate instabilities, traumatic or degenerative deformities of the knee joint and meniscus injuries
- polycentric hinges control ROM with :  
extension limitation at: 0°, 10°, 20°, 30°, 45°  
flexion limitation at: 0°, 60°, 75°, 90°

Rs. 17629/-

Size : XS - XXL

## protect.St pro

*Short, functional soft brace*

- traumatic or degenerative changes/mild to moderate strain, mild arthritis/instability of knee joint
- compressive and proprioceptive effect of the knee joint, net material on the back, very flat design, polycentric hinges hidden in pockets, made of elastic, breathable and moisture transporting D-Tex material

Size : XS - XXL

Rs. 12273/-

## M.4®s / M.4s® comfort

*Functional rigid brace with physioglide hinge for flexion/extension limitation*

- Conservative / post-operative after cruciate ligament ruptures

M.4s - Rs. 62786/- , M.4®s comfort - Rs. 87420/-

Size : XS - XXL

## M.4®s PCL dynamic

**MARKET LEADER**

*Rigid orthosis for functional posterior cruciate ligament therapy*

- Support pad for correction and stabilisation of the tibia position
- Integrated tensioning dial for simple individual setting
- Physiological hinge mimics roll-glide movement of the knee

Rs. 81050/-

Size : XS - XXL

## protect.4 evo

*4-point knee orthosis for control of anterior and posterior tibial translation*

- ruptures of the anterior, posterior or of both cruciate ligaments
- optimal stabilisation due to 4-point principle, prevention of hyperextension through limitation of range of motion:  
- extension limitation at: 0°, 10°, 20°, 30°, 45°  
- flexion limitation at: 0°, 10°, 20°, 30°, 45°, 60°, 75°, 90°  
- immobilisation at: 0°, 10°, 20°, 30°, 45°

Rs. 35287/-

Size : XS - XXL

**BEST SELLER**

## M.4 AGR

*Functional brace for genu recurvatum*

- genu recurvatum (Back knee/hyper extended knee)
- shores inserted to provide a progressive absorption system, physioglide hinge, anterior tibial support circumference thigh

Size : XS - XXL

Rs. 96124/-

RECENTLY LAUNCHED

## medi Soft OA light

*Lightweight soft orthosis for varus/valgus pressure relief*

- Individually adjustable varus/valgus relief
- Patented dynamic strap tightening system
- Simple handling with slip-in wrap construction

Rs. 30687/-

Size : XS - XXL

Rs. 18862/-

## medi Soft OA

*Soft orthosis for varus / valgus pressure relief*

- Individually adjustable varus/ valgus relief Patented dynamic strap tightening system
- Simple handling with slip-in wrap construction

Size : XS - XXL

Rs. 37180/-

## protect.OA soft

*Soft brace for Osteoarthritis*

- mild to moderate medial or lateral osteoarthritis of the knee
- individually adjustable varus / valgus angle, net material on the back, made of D-Tex material, controls ROM :  
extension angle: 0°, 10°, 20°, 30°, 45°  
flexion angle: 0°, 60°, 75°, 90°

Size : XS - XXL

## protect.4 OA

*4 point rigid knee orthosis for control of anterior and posterior tibial translation, 3 point off-loader for varus or valgus pressure relief*

- conservative severe medial or lateral gonarthrosis (at least level III)
- Individually adjustable varus/valgus angle ROM can be controlled with chipset hinge:  
extension limitation at: 0°, 10°, 20°, 30°, 45°  
flexion limitation at: 0°, 10°, 20°, 30°, 45°, 60°, 75°, 90°  
immobilisation at: 0°, 10°, 20°, 30°, 45°

Size : XS - XXL

Rs. 62615/-

**BEST SELLER**

## medi PTS

*Posterior - Tibial - Support, knee immobilisation support*

- conservative treatment of recent PCL rupture or chronic PCL instability
- Individual adjustment of the calf pad length, removable medial, lateral and posterior stabilisation rods and immobilisation in the 0° position

Length : 45 / 55 / 60 / 65 cm

Rs. 16757/-

## protect.Knee immobilizer universal

*Knee immobilisation brace at 0°*

- pre or post-operative immobilisation
- removable medial, lateral and posterior stabilisation rods, comfortable, washable, skin friendly material

Length : 45 / 55 / 60 cm

Rs. 5781/-

medi jeans / classic\*

## medi elastic ankle support 501

*Two-way stretch ankle support in a medium compression with fitted heel*

- inflammation or Sprain/strains of the ankle
- constant compression class 2, light weight, breathable material

Size : I - VI

Rs. 1281/-

## Levamed®

*Ankle support with silicone cushions*

- chronic, postoperative and post-traumatic inflammation and slight instability of the ankle joint
- the compressive fabric and silicone inserts have a massage effect. A donning aid / slip-in sock is supplied with each product

Rs. 4937/-

Size : I - VI

## protect.Ankle foot orthosis

*Ankle orthosis with adjustable strap system*

- foot drag/drop due to hemiplegia/peroneal paralysis
- raises your foot while the leg swings forward and prevents your foot from tipping down, anatomically preshaped, waterproof, can be worn with a shoe

Rs. 3705/-

Size : S - XL

## protect.Leva strap

*Elastic ankle support with elastic strap*

- chronic, postoperative and posttraumatic inflammation and slight instability of the ankle joint
- broad foot strap, seamless fabrication and soft borders

Size : II - VI

Rs. 3475/-

## medi ROM Walker

*Walker with adjustable range of motion control*

- postoperative and conservative treatment of ankle
- optional fixed joint angle or partial excursion with Patented „QuickSet“ hinge, physiological gait due to special sole design shoe

Size : S / M / L

Rs. 28255/-

## protect.CAT Walker

*Lower-leg foot brace for immobilisation in a specified position*

**MARKET LEADER**

- stable foot and joint fractures: metatarsal fracture, talus fracture, malleolar fracture
- post ligament reconstruction and/or fixation
- air system with medial and lateral air passage around the ankle and up to the forefoot
- air pump and ventilation valve for easy handling
- easy adjustment and removal of toe protector
- flat, rounded sole for natural, stable gait

Rs. 11557/-

Size : S / M / L

## Achimed®

*Achilles tendon support with integrated anatomically formed silicone pad*

- acute and chronic inflammation of the Achilles tendon
- compressive fabric and silicone insert exert a massage effect, separate heel wedges, a donning aid / slip-in sock is supplied with each product

Rs. 6418/-

Size : I - VI

## protect.Achi

*Elastic Achilles' tendon support with anatomically shaped pads*

- acute and chronic inflammation of the Achilles tendon
- anatomically shaped pads, seamless fabrication and soft borders

Size : II - VI

Rs. 2271/-

## protect.Silicone insole / Heel soft

*Silicone foot supports*

- deformities of the forefoot and toes, Pain in foot (Achillodynia, Arthralgia, Calcaneal spur)
- comfortable plantar foot support made of silicone material, special shock absorption with silicone gel, air ventilation system, anatomically adapted to the plantar arch

Insole: Rs. 3730/-  
Heel soft: Rs. 1614/-

Size : I - V (Insole), I - III (Heel soft)

**BEST SELLER**

## M.step®

*Functional ankle brace with foam-gel-padding*

- conservative and postoperative care of fibular ligament ankle injuries or chronic instability of the ankle joint
- stabilisation in pronation and supination movements, foam gel padding with soft, skin friendly surface, universal "one size fits all"

Rs. 5136/-

Size : Universal

## protect.Toe spreader

*Toe spreaders*

Rs. 1607/-

- separates dislocated and close adjoining toes and protects against sores, rubbing, skin irritation and corns
- anatomically shaped
- very soft and durable

Size : S / M / L

## protect.Ankle lace up

*Functional ankle brace with medial and lateral stabilisation shell*

- conservative and post-operative care of ankle ligament injuries or chronic instability of the ankle joint
- removable plastic shells, lacing system

Size : S - XL

Rs. 2510/-

## protect.Forefoot cushion

*Forefoot cushions*

- special shock absorption
- anatomically shaped
- skin-friendly and hygienic

Size : Universal (Left / Right)

Foot

Rs. 739/-

# Lumbar Support with climatherm system

## medi's new comfort knit

For more comfort in wear and even higher patient compliance.

### Comfort Zone

The new Comfort Zone is soft, sheer and elastic – for more comfort in wear that you can feel with soft zones in the sensitive flexor areas to ensure that the support fits comfortably.

### Fibre technology

medi's comfort knit combines new and time-proven fibre technologies.

### New natural eucalyptus fibre

The natural fibre boosts moisture wicking and helps protect the skin's moisture balance. The smooth structure of the natural fibre makes the comfort supports particularly soft on the skin.

**New high-tech fibre**  
The new high-tech fibre with its capillary-like property transports moisture away from the skin to the surface of the support.

### Clima Fresh

The integrated Clima Fresh function has an antibacterial action and prevents the formation of odours. Bacteria are kept away from the knit and the fibre-deep hygiene is maintained.

### Fit and elasticity

The new comfort knit is marked by its particularly high elasticity and anatomical fit, because both longitudinal and transverse elasticity have been considerably increased – while still retaining its full compressive effect.

### Clima Comfort

Our time-proven Clima Comfort technology has been improved still further thanks to the very latest materials. Moisture is transported outwards quickly and reliably. At the same time, the high breathability improves air circulation – for a pleasant microclimate all year round.

**medi compression technology**  
Comfort meets time-proven medical efficacy: medi compression technology with the defined compression gradient helps reduce bruising and swelling and thus relieves pain.

## Pneumatic CAT (rigid/cast) brace for ankle Immobilisation

**SHORT : Rs. 8327/- pc**

**LONG : Rs. 8738/- pc**

Sizes available : S / M / L

- Immobilizes the lower leg and foot in a specific position for recovery after various injuries, including Achilles tendon injuries (both post-surgery and non-surgical), luxation of the ankle, and soft tissue/tendon injuries.

- Primarily for unstable fractures of the tibia or fibula & stable foot & ankle joint fracture and other conditions requiring immobilization.

### Includes :

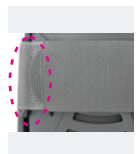

Valve pump with Inflate / Deflate rotator

Adjustable Toe protector at 3 positions

Flat, rounded, slip resistant sole

Box stitching straps with embossed end for easy use

# MOTION Air Walker Boot

## Pneumatic CAM Walker (semi-rigid) brace for Ankle Immobilisation

For all indications which require immobilisation of the lower leg and foot following below indication :

- Injuries of the achilles tendon (postoperative / nonsurgical)
- Luxation of the upper ankle joint
- Ligament, soft tissue, or tendon injuries (postoperative / nonsurgical)
- Unstable fractures of the proximal tibia or fibula.

### Includes :

Valve pump for Inflate/deflate rotator

Heel height adjustment Pad - 3 Pcs

Box stitching straps with embossed end for easy use

PRI Breathable Insole

Rocker Black bottom sole for easy gait

**SHORT : Rs. 4790/- pc**
